Huntington Quilters Guild

“Quilts To Warm Up To”

December 7 – January 13

Reception: Friday, December 14, 7:00-9:00

Huntington Quilters Quilt Guild was founded in 1981 to stimulate interest in the art of quilts, quilting and related crafts. The 125 members meet monthly to provide programs, demonstrations and techniques on the various aspects of quilting. All levels of quilting experience are represented in the membership and new members are welcome.

The Guild supports the community by making pro bono baby quilts, which are distributed, to low-income babies through local hospitals. National Quilting Day is celebrated each year in March with a Quilt Camp. Members have the opportunity to take classes on various aspects of quilting taught by fellow members.

The guild enjoys sharing a love of quilts with the community by displaying some of the quilts members have made.
