THE HECKSCHER MUSEUM OF ART STUDENT ART EXHIBITION "Fifth Annual Community ArtSense" SEPTEMBER 5 – 21, 2008

RECEPTION: FRIDAY, SEPTEMBER 5, 6:00-7:00 PM

The fifth annual Community ArtSense Exhibition highlights the extraordinary work of select young artists ages 5 through 14 who participated in The Heckscher Museum of Art's unique **Summer ArtSense Program** during summer 2008. Select student artworks from each session were chosen for inclusion in the exhibition.

All the student artwork in this exhibition was inspired by works in the two exhibitions on view in the Museum this summer: *Michal Rovner: Video, Sculpture, Installation* and *The Heckscher Museum of Art Rediscovered: From Lucas Cranach to Olafur Eliasson*. In addition, two classes of students were inspired by the artwork of **artist-in-residence Barbara Roux**, who visited the classes and worked with students throughout Session II. The Community ArtSense Exhibition features select works by Barbara Roux. The Museum would like to thank Ms. Roux for generously donating her time and expertise to this program!

Summer ArtSense is a unique series of workshops for artists age five through 16, held annually from early July through mid-August. Participants discover the multi-faceted world of art through an array of hands-on art activities while enjoying an insider's look at exhibitions on view at the Museum. The Museum also hosts a variety of exciting and engaging programs for children, families, and adults throughout the year.

Please log on to www.heckscher.org or call the Museum at 631.351.3250 for more information on upcoming programs.
